Beyond WWDC
Required Essay 2

- How you are sharing your knowledge and enthusiasms for "computer science"

- Examples: helping classmates/younger siblings, contributing to open source projects, what Apollo is doing right now, …

- Doesn't have to be exclusively Apple, but it would be better if they are

Optional Essays

- **Apps on the App Store**

  - Similar to description of submitted playground, but for existing apps on the App Store made by you yourself.

- **Additional Comments**

  - For things that didn't fit the other essays prompts, maybe discuss why Swift Student Challenge is meaningful to you and your future "Beyond WWDC."
