Description about the submitted Playground
Required Essay 1

- Allow the judges to know what to expect, a bullet list is okay

- Mention which (latest) Apple technologies you used to implement which features

- Can include why you decided to make this playground if space allows

Beyond WWDC
Required Essay 2

- How you are sharing your knowledge and enthusiasms for "computer science"

- Examples: helping classmates/younger siblings, contributing to open source projects, what Apollo is doing right now, …

- Doesn't have to be exclusively Apple, but it would be better if they are
